IS THIS KIND OF MARKETING SYSTEM LEGAL?

Yes, it is Legal. Please see below for the past Court Ruling.

State Sales Referral Laws.

In the aftermath of the door-to-door aluminum siding cases, almost every state adopted a sales referral law which prohibits in the course of a consumer transaction the promise to a consumer of some type of reward in exchange for recommending another consumer, and where the reward is contingent upon the second consumer purchasing product. Although almost all states have sales referral laws, few states have attempted to apply sales referral laws to multilevel marketing programs. In one such case, the State of Iowa attempted to apply its sales referral law to a company called American Professional Marketing, and the court rejected the prosecution. As a general matter, such laws would appear to be inapplicable to multilevel marketing programs because distributors receive their compensation in their capacity as "independent contractor distributors" and not in their capacity as consumers referring other consumers. The typical language of these statutes is as follows:

"Referral selling prohibited. No seller or lessor may give or offer a rebate, discount, or anything of value to a buyer or lessee as an inducement for a sale or lease in consideration of his giving to the seller or lessor the names of prospective purchasers or lessees, or otherwise aiding the seller or lessor in making a sale to another person, if the earning of the rebate, discount, or other thing of value is

contingent upon the occurrence of an event subsequent to the time the buyer or lessee agrees to the sale or lease." In the leading COURT decisions in this subject area, a variety of abuses have been targeted as potential elements of illegal marketing plans:

1. Products which have "no real world" marketplace.
2. Products which are sold at inflated prices.
3. Mandatory purchases of company product.
4. Plans which result in inventory loading distributors.
5. Substantial cash investment requirements.
6. Mandatory purchases of peripheral or accessory products or services.
7. Plans in which company products are totally or substantially consumed only by distributors.
8. Plans in which distributors are left with substantial unsold inventory upon cancellation of participation.
9. Plans in which distributors purchase products in order to further the marketing plan rather than out of genuine desire and need for the product.
10. Plans which would fail without purchases by participants.
11. Plans which make no effort to emphasize retail sales to the ultimate non participant consumer.
12. Plans which require no meaningful participation by distributors after becoming a distributor.
13. Plans in which fees are paid to distributors for headhunting.
14. Plans in which commissions are not based on actual retail product sales.
15. Plans in which emphasis is on recruitment rather than sale of product.
16. Plans which contain elements of a lottery rewarding participants based on chance rather than on bona fide sales efforts.
17. Earnings misrepresentations or inflated earnings representations.

We have heard about a lot of illegal sales activities; Such as: Ponzi Marketing, Illegal Pyramid Chain Letters; ETC.

No, we don't do Ponzi schemes, Illegal Pyramid or Chain letters. We do not involve ourselves in any illegal activities

What we are doing with this is, we combined two marketing systems called (1) Direct Marketing & (2) Multi Level Marketing (MLM) / Network Marketing.

(a) A MLM is illegal if all they do is sign up people but there is /are no PRODUCT / S.

(b) An MLM Marketing will be illegal if you must first buy membership/product before you can work and bring in members/buyers

(c) An MLM is an illegal pyramid if every commission is taken from all the downline/people at the bottom of the chart and all the CASH is given ONLY to the person at the TOP, then the person next to the Top dog moves to the Top, collects all the Cash too and exit, then the 3rd in command moves to the Top spot, collects all the cash as well and exist.

In other words, if you have 1,000 people in the network, only 1 person at the top collects all the money, No one gets MONEY until they make it to the Top of the chart.

THOSE KIND OF MLM / PYRAMID MENTIONED ABOVE ARE ILLEGAL

OUR MARKETING SYSTEM IS 100% LEGAL

* We have products that are REAL and our product are highly competitive.

* When you directly market our product (s) we

pay you a no nonsense commission for your own direct efforts.

*We encourage you to make a "word-of-mouth" advertising or other form of advertising

for us and to recruit only about 10 independent business people who will become sales reps like you

(THEY DON'T HAVE TO BE PURCHASERS OF OUR PRODUCT before they work. BUT IF THEY ARE, IT MUST BE THE worker HAD VOLUNTEERED TO WORK, IN OTHER WORDS, WE DON'T MAKE IT COMPULSORY THAT YOU must work after you are just a customer)

Once you introduce a worker, a independent business owner sales rep to us, we'll pay you an override commission on the sales generated by the people directly recruited by you. **(residual & override pay is such a money we would have paid to Radio & TV for advertising for us)** ...and when those people follow your foot steps and do the same, we'll simply promote you from a supervisor of 10 to a manager of 100 or more and we'll give you another money called residual commission on each new sales under.

So that your effort for training 10 people was not wasted or limited, we keep all the 5 sales reps under you and their 10

ALL UNDER ONE TEAM UMBRELLA but everyone gets paid individually. In order words, you don't contribute your commission and give it to only one person in the team but your team contributes ideas and help each other make more better sales today than that of your performance yesterday.

EVERYONE THAT WORK GETS PAID, Nobody's money is stalled and given to the TOP dog. There is no inflated price or earning and we made it clear that the performance of your TEAM will determine and guarantees your income

OUR MARKETING SYSTEMS ARE 100% LEGAL. As I have said: we combined two marketing

systems (1) Direct Marketing & (2) Multi Level Marketing (MLM) / Network Marketing. You can sell direct or you can sell by mlm or do both

Dear Friends,

Yes, we have all these modern technologies and high speed Cars, Computers, train is no longer a slow locomotive burning on charcoal but a high speed mercedes engine powered by gasoline....ships and Airplanes have been modernized as well. Everything is made to be smaller, faster and stronger but yet time of a day is still too short and we still can not do everything without without the help of others.

For example, I worked 8 hours a day at my office with the assistance of my secretary. When it's 5 pm, I'll enter into my stretch limousine, it was like an executive office inside and I'll continue my work while my driver raced-on. When I got home, at around 6 pm, I'll get out of the car and go right inside my residence, took my second shower of the day, probably have supper as well, probably. After taking about 30 minutes nap. Then, there was a small space at my home which was designed as an office, I will then continue the work for another 4 - 5 hours and finally went to bed by 2 am.
Heck, I have to be up again by 6.30 am

Remember that I did not even talked about my personal life. My woman will want attention as well or I'll lose her. Forget about money, she does not need money, she needs my affections....and if I am a single Dad, I have to pick up my kids from school and take them to places. The kids want attention too or they'll never forgive me. They will prefer the poor Dad and hate the rich Dad that does not have time for them.
Now let's say that I am prepared to sacrifice all of my own personal time for my business, have no social life, have sleep

shortage but not sleep disorder, don't you think that I should I least be compensated by my business and be able to complete my daily work-load and also have a load of CASH?

The bad news is, even though I went to bed at 2 am everyday, had all high-speed stuff, I still could not finish my work for that day...and the Cash was good but I still felt as if I was underpaid compared to my time input

Fortunately Now, Network Marketing gives me a peace of mind. I can now have my 8 hours sleep a day, have time for my personal and social life. I make money even when I am sleeping. It's wonderful

Don't listen to bad Preachers against Network Marketing /MLM . Over 250,000 businesses go bankrupt every year in North America and they are not Network Marketing Companies.

So don't faint and refuse to return because the network company you were involved with went belly-up or because you did not make money from them

Network Marketing / MLM will duplicate your effort, people who are better sales persons than you are become your downline and you'll make residual income from any sales they generate all over the world.

Network-Still-Works. So be a team Player.

(Sell only if you want to make as much as over \$200,000 from this simple but powerful system)

I read from so many news media that some online advertising businesses are making over \$1 billion a year, \$100 million monthly revenues.

How can I get my own share?

Yes, they still do, even in this global recession period. \$100 million monthly income is only the recession period kind of income.

To them, \$100 Million monthly revenue means that the market is getting very very slow!

Well, if you have (like them or as they have) at least 5 million advertisers paying you \$30 - \$154 monthly. That's USD \$150 Million per month -- to -- \$770 Million per month in revenues. O boy!

Remember, It's not in another world, it's in this world that you and I are living in, in this planet Earth.

One single company, many of them of course, each are making over \$700 Million every single month in revenues.

While some Joe Do-nothing depend on a \$600 a month government unemployment check and government food rebate coupons.
